

COMPREHENSIVE SERVICES *at a strategic Northeast location*

Liquid or dry, from feed to plastics, the Pennsylvania & Southern Railway (PA&S) has the carspots, services, and logistical partners that can safely and efficiently transload all of your bulk product shipments. The PA&S is ideally positioned in the Northeast United States, operating within the 1,200-acre Cumberland Valley Business Park in Chambersburg, PA. From individual carloads to unit trains, our operation and services will place your product closer to where it needs to be.

Our railroad has a reliable connections to Class 1 rail carrier CSX, allowing shippers to easily and quickly move products throughout the United States, Canada, and Mexico. The park has excellent access to major interstates and secondary roads, a feature that helps speed shipments to their destination. Seaport/international access is available through the Port of New York & New Jersey and the Port of Baltimore (MD).

Pennsylvania & Southern Railway - Ideally Positioned To Be Your Complete Shipping Solution For Bulk Products

Infrastructure & Services

The Pennsylvania & Southern is an industry leader in bulk transloading services. Much of our infrastructure has been modernized to accommodate the specific requirements of our bulk products customers.

The Pennsylvania & Southern has over 700 carspots - active transloading, long-term car storage, and storage-in-transit - a number unequalled by any other shortline in the region.

This extensive capacity enables the PA&S to handle even the largest shipments. Customers who use our transloading and bulk transfer facilities enjoy guaranteed car spots, complete car/inventory tracking, and ample storage-in-transit capabilities.

In addition to our rail infrastructure, our operations are backed by some of the best 3PL services available in the country. Our location features cross docking, warehousing, extensive lay-down and outdoor storage, trucking, and distribution services provided by some of the most respected names in the industry.

The PA&S and Cumberland Valley Business Park can also accommodate individual needs for warehouse or manufacturing space, as well as outdoor storage areas.

Commodities Handled

FEED & GRAINS

- Commodities handled include animal feed, grains, corn, soybeans, and hay in both hopper cars and boxcars
- Indoor and outdoor transloading operations
- The PA&S features close proximity to the New York City market as well as import/export through the Port of Baltimore and the Port of NY&NJ.
- Chambersburg is central to the extensive farming regions in Pennsylvania, Maryland, and West Virginia

PLASTICS & RESINS

- We specialize in plastic transloading and can handle all types of resins and plastics in hopper cars, containers, and FIBC's
- Transloading and distribution using multiple 3PL partners
- Import/Export services available through the Port of NY&NJ

ENERGY PRODUCTS

- Our extensive car capacity and multiple transloads make Chambersburg the ideal location for transloading energy products and home heating products.
- Dedicated storage-in-transit spots and on-demand switching services ensure product will always be available.

FOOD GRADE

- Liquid or bulk food-grade products (corn syrup, flour, sugar, and more) can be handled at our railroad-owned transload.
- 3PL partners have a full range of transloading/transportation options available.

OTHER COMMODITIES

- Other commodities we are able to handle include fertilizers, talc, salt, sand and other aggregates, and more
- Transloading areas can be customized to fit individual needs
- 3PL partners available to handle almost every transloading, trucking, packaging, or warehousing requirement.
